SUMMARY

I am passionate about software development with a strong interest in becoming a full-stack developer. I enjoy discovering new technologies and frameworks through hands-on projects. Looking forward to connect with fellow developers to exchange ideas and learn from their experiences.

EXPERIENCE

- Full Stack Developer Training, Camcyber Digital Tech Team**

Feb 2024 - May 2024

 - Developed a POS system using Laravel, JSReport and MySQL
 - Built web applications with Angular
 - Utilized Docker for containerization and NginX for web server management
